

## AS-INOX-ECO

### Overview of the identification lengths of the Cablelock series AS-INOX-ECO Typ ASE, ASS und ASF

The identification length corresponds to the length of the wire cable including the pressed on limiter ferrules to the centre of the diameter of the bracket in disassembled status of the Cablelock retaining system (see figures).

### Table of the identification lengths of ASE, ASS and ASF-INOX

ASE-INOX bracket type E

| Ident. No.<br>AISI 303 | Ident. No.<br>AISI 316 | Ident. Length |
|------------------------|------------------------|---------------|
| EV122                  | EV124                  | 345 mm        |
| EV142                  | EV144                  | 345 mm        |
| EV172                  | EV174                  | 350 mm        |
| EV182                  | EV184                  | 380 mm        |
| EV202                  | EV204                  | 380 mm        |
| EV222                  | EV224                  | 405 mm        |
| EV242                  | EV244                  | 405 mm        |
| EV272                  | EV274                  | 465 mm        |
| EV302                  | EV304                  | 470 mm        |
| EV342                  | EV344                  | 560 mm        |
| EV362                  | EV364                  | 560 mm        |
| EV42.12                | EV42.14                | 580 mm        |
| EV42.22                | EV42.24                | 670 mm        |
| EV452                  | EV454                  | 680 mm        |
| EV492                  | EV494                  | 725 mm        |
| EV522                  | EV524                  | 705 mm        |
| EV612                  | EV614                  | 735 mm        |

ASS-INOX bracket type S

| Ident. No.<br>AISI 303 | Ident. No.<br>AISI 316 | Ident. Length |
|------------------------|------------------------|---------------|
| SV082                  | SV084                  | 435 mm        |
| SV10.12                | SV10.14                | 550 mm        |
| SV10.22                | SV10.24                | 655 mm        |
| SV12.12                | SV12.14                | 575 mm        |
| SV12.22                | SV12.24                | 710 mm        |
| SV14.12                | SV14.14                | 600 mm        |
| SV14.22                | SV14.14                | 685 mm        |
| SV162                  | SV164                  | 690 mm        |
| SV202                  | SV204                  | 720 mm        |

ASF-INOX bracket type F

| Ident. No.<br>AISI 303 | Ident. No.<br>AISI 316 | Ident. Length |
|------------------------|------------------------|---------------|
| FV092                  | FV094                  | 425 mm        |
| FV112                  | VF114                  | 520 mm        |
| FV132                  | FV134                  | 700 mm        |
